We are here to help 😊 and we know that "Life Happens" 😞 and the unexpected can occur 😞, so if you experience delays in drop off or pick up times then please let us know.

Email alice@windwhistlewarren.org.uk or mobile or text or phone Alice on 07919 455119 as soon as you know you are going to be delayed.

Please try to advise us of your anticipated arrival at the rescue - this allows us to plan for your arrival and schedule in other bunny duties which are needed throughout the day.

Change over departure/arrival days can be particularly hectic, so please help us to plan so we can get boarding areas ready in good time on change over days.

This also allows us to plan and have plenty of time to spend time with you to hear all about your holiobobs and reunite you with your precious bunnies ready for their departure home 😊

Vaccination Policy:

Vaccination Cards or copies or Vet Confirmation of Vaccination must be provided on arrival for boarding. Pets will not be accepted without a valid Vaccination Card or Vet Confirmation.

Rabbits are required to have been vaccinated against Myxomatosis/RHD1 and RHD2.

Vaccinations need to have taken place at least 2 weeks prior to boarding to ensure effectiveness.

IMPORTANT NOTE : FILAVAC RVHD2 Vaccination

Please note that most Vets policy for vaccination against RVHD2 is usually annually. Both Vets I use (Sundean & Wood Veterinary Group) recommend vaccination at six month intervals, especially where there may be an increased risk scenario to your Rabbit.

Increased Risk scenario's may be:-

- 1. Where there are large numbers of other rabbits.**
- 2. If you rabbit becomes stressed or is unwell.**
- 3. If the county area has had any reports of increased occurrences of RVHD2.**

Vaccination Cards, or copies or Vet Confirmation of Vaccination must be provided on arrival for boarding. Pets will not be accepted without a valid Vaccination Card or Vet Confirmation.

If your Veterinary Practice is not Gloucestershire based or should your pet fall ill and require emergency treatment whilst you are away, we may use one of our excellent veterinary practices who are well known to us and who look after all of the Windwhistle Rescue Rabbits. Your existing Veterinary Practice information is helpful should our vets need to obtain any historic information regarding your pet.
