- **Boarding opening times are 10 to 4pm – Please state time of drop off**

Drop off date and time	
Pick up date and time	
No of nights boarding	
No of rabbits for boarding	
No of pens required	

## BOARDING CHARGES

£5 per pen per night

£5 per rabbit per night

**ie Single bun = £10 per night, Bonded pair in 1 pen = £15 per night, Bonded trio in 1 pen = £20 per night**

Our boarding area is an indoor unheated covered area, so only suitable for outdoor rabbits during winter but suitable for indoor rabbits in the summer months. We have 16 - 4' x 4' Cabin Area with 6' x 4' run.

We are here to help and we know that "Life Happens" and the unexpected can occur, so if you experience delays in drop off or pick up times then please let us know. Email [emma.windwhistle@gmail.com](mailto:emma.windwhistle@gmail.com) or text or phone 07867 543221 as soon as you know you are going to be delayed. By advising your time of arrival this allows us to plan for your arrival and schedule in other bunny duties which are needed throughout the day, as changeover departure/arrival days can be particularly hectic, so we can get boarding areas ready in good time on change over days.

### **Vaccination Policy**

- Please ensure a copy of your Vaccination Cards or Vets Confirmation of Vaccination is provided before boarding arrival date.
- Rabbits are required to have the Nobivax Myxo-RHD Plus vaccination, which is done annually.
- We also recommend the Yurvac vaccination to cover the mutated strain of RHD2, but understand that not all vets are offering this vaccination yet. All the rescue rabbits have had this vaccination but not all rabbits in the boarding area may have had it, so you board at your own risk.
- For both of these vaccinations they need to have taken place at least 2 weeks prior to boarding to ensure effectiveness.
- **Rabbits will not be accepted without a valid Vaccination Card or Vet Confirmation.**

### **Vet details**

If your Veterinary Practice is not Gloucestershire based or should your pet fall ill and require emergency treatment whilst you are away, we may use Woods Veterinary who are well known to us and who look after all of the Windwhistle Rescue Rabbits. Your existing Veterinary Practice information is helpful should our vets need to obtain any historic information regarding your pet.

<b>Pets Registered Veterinary Practice:</b>	
<b>Address:</b>	
<b>Preferred Vet: (if available)</b>	
<b>Phone number:</b>	

If your rabbits are ill whilst they are in our care they will be taken to the Windwhistle nominated Vets (in an emergency without notice) and you will be expected to pay the bill on return.

We would appreciate it if you would take time to settle your rabbit in before you leave, providing some of their own belongings to help them feel at home. These can be litter trays, toys, rugs. Please do not bring bowls, as tend to get lost!

- We provide litter trays lined with newspaper and hay, if you use a special litter please state in the any other details above, and please bring with your rabbit
- If you feed other than Science Selective or Excel pellets, please bring their dried food with them
- Unless mentioned in individual pet details all boarding rabbits will receive the same amount of a variety of vegetables as the rescue rabbits receive each morning.

**RABBIT DETAILS**

<b>1st Rabbit Name</b>	
<b>Breed and colour</b>	
<b>Age</b>
